Qed nikteb kemm lill-ufficju tal-Whistleblower fi hdan l-ufficju tal-Prim Ministru kif ukoll lill-Kummissarju ghall-iStandards rigward abbuzi fl-isptar Monte Carmeli. Originarjament l-ilment kien fuq id-deserta li ma baqghetx titqassam fl-isptar Monte Carmeli lill-pazjenti minjejja l-isparpaljar ta' flus galor, imma spicca precipita fuq l-abbuzi tal-istaff b'uhud li biex jaghmlu ljieli shah reqdin jispiccaw ikollhom ibatu l-konsegwenzi l-pazjenti. L-ilment beda originarjament b'email lill-Customer Care tal-isptar u sussegwentament kompla billi ktibt dirett lic-CEO gdida tal-Isptar Monte Carmeli, Dr. Stephanie Xuereb (ara file EmailsDeserta_Orig.docx b'emails attached).

L-ilment jikkoncerna partikolarment nurse mill-aktar patetiku, Glenn Galea, li fosthom ghandu vizzju jorqod iljieli shah bil-paga ghaddejja. Qed nibghatlek videos bhala evidenza ta' kif jghaddihom l-iljieli meta jkun imissu xoghol (ara links Video 1, Video 2, Video 3, u Video 4 – is-shift tieghu jirrepeti kull 5 t'ijiem – fil-file bl-emails attached ghandhekk issib spjega tal-videos 'n partikulari dak Video 4).

Issa jekk niehdu li fil-Half Way House bil-lejl ikun hemm 2 nurses ghall-20 pazjent (2staff:20pazjent = 2:20 jew 1:10), fil-ghodu jkun hemm staff doppju, cioe 4 nurses, apparti taf ukoll in-Nursing Officer u d-Deputy Nurse (ejja niehdu average ta' 5 staff) waqt li pazjenti ikun hemm ejja nghidu 10 biss ghax uhud ikunu bil-leave jew xoghol (qabel il-Covid-19 ghax issa bi skuza tal-virus spiccaw ghalquna gewwa), cioe kienu jkunu 5staff:10pazjent = 5:10 jew 1:2, cioe wiehed staff ghal zewg pazjenti, u allura jekk fl-ghaxija ma jkollhom xejn x'jaghmlu hekk li jghaddu lejl shih reqdin, tista' timmagina fil-ghodu kemm aktar ma jkollhomx x'jaghmlu (5 darbiet aktar).

Ukoll uhud mill-istaff ghandhom vizzju ikrah li matul il-gurnata jaghlqu l-partition tal-pazjenti nisa u d-dormitorji tal-pazjenti rgiel halli l-pazjenti jkunu ghajjiena bizzejjed biex jaghmlu lejl shih reqdin u l-istaff aktar ikunu jistghu abbuzivament jorqdu l-lejl kollu u l-paga ghaddejja galor. Allura nispiccaw fil-ghodu 20 pazjent nisa u rgiel ikollna nuzaw l-unika 2 lokijiet fil-"Male Toilets" li jigu jmissu mal-Male Staff Room (cioe 20pazjent:2 lokijiet, jew 10:1) b'kuntrast mal-istaff li ghandhom 2 (wiehed fil-clinic u iehor fil-female staff room), jew 5:2 jew 2.5:1. Bil-lejl meta jkun hemm dak in-nurse Glenn Galea, peress li hu jkun rieqed fil-Male staff room, u sehel iz-2 lokijiet fil-"Male Toilets" jigu jmissu mal-kamra tieghu, jispicca jaghlaqhomna ma jmurx xi pazjent jifflaxja xi loki minnhom u jispicca jqajmu. Cioe biex hu jkun jista' jabbuza ikollna nbatu ahna l-pazjenti. Allura 10 pazjenti rgiel ikollna nuzaw loki wiehed ta' bejn id-dormitorji (10:1) waqt li kienu jhallihomna miftuhin ikollna 2 ohra, cioe 10:3, l-istess bhal-pazjenti niesa (10:3) u forsi wiehed jirnexxielek issibu mhux imcappas. B'kuntrast bil-lejl meta jinzerta dan Glenn xoghol, ikollu 3 lokijiet ghad-dispozizjoni tieghu, 2 minnhom tal-pazjenti dawk fil-"Male Toilets" u wkoll tal-clinic (cioe 1:3) waqt li l-nurse mara bil-lejl ikollha 2 lokijiet (1:2, wiehed tal-clinic u l-iehor fil-female staff room).

L-abbuz l-iehor hu s-serq invazat fl-ikel li jitqassam lill-pazjenti fejn tista' tghid uhud mill-istaff mill-ikel li jisirqu jdabbru paga ohra. Huda fil-kuntest erga qabel ghalqu l-pazjenti kollha bi skuza tal-Covid-19 fejn forsi kien ikollok l-aktar 10 pazjenti kollox u erga mhux kollha jieklu mill-ikel tal-isptar ghax uhud jippreferu ikel minn tal-canteen. Issa l-vilta hi li Alla hares jaraw xi pazjent mit-tigiega li jkun ha ghall-ikel iwarrab bicca biex itiha lill-qattusa ghax jirrapurtawh lit-tabib, waqt li l-istaff apparti li l-ewwel li jibdew jieklu minnu jkunu huma qabel ipogguh fuq il-mejda biex jitqassam lill-pazjenti, u milli jibqa' arahom itellghuh biex ikomplu jieklu minnu jew biex johorguh barra l-isptar biex ituh lill-annimali taghhom, ecc. Ghax taf int l-annimali taghhom huma aktar priviledgjati mill-povri annimali maqfulin maghna l-pazjenti fl-isptar.

Issa gara li wara li dan l-ahhar ktibt fuq dawn l-abbuzi tal-istaff lic-CEO u lill-Customer Care tal-isptar fid-9 ta' Gunju 2020, illum il-Gimgha 12 ta' Gunju 2020 lejn qisu l-11:00a.m. gabuli t-tabiba minhabba "email tahraq li baghat." Cioe flok hadu passi 'n partikolari kontra dak in-nurse Glenn u ssosspendewh u keccewh mill-ewwel darba ghal dejjem bil-mod kif jistma lill-pazjenti biex aktar ikun jista' jabbuza fosthom jaghmel lejl shih rieqed, spiccaw gew jirrikattaw lili li se jibghatuni l-MW1 talli kont irrapurtajt dawn l-abbuzi u kont bhal speci ta' whistleblower nitkellem f'isem ukoll pazjenti ohra. Cioe flok hadu passi kontra min hu korrot sfaccat u jabbuza mill-pazjenti, hadu passi kontra minn qed jikxef il-korruzjoni, biex tara x'vilta, apparti li s'issa dan Glenn ghadu jidhol xoghol kollox normali. Issa immagina kieku kienet bil-kontra, kieku kien pazjent li kien qed jaghmel xi haga hazina kif kienu jduru fuqu u jpattuhielu b'aktar pirmli u njections u jitfghuh f'xi sala ohra (tista' timmagina, jekk jien

m’ghamilt xejn hazin, m’ghamiltx allegazzjonijiet foloz anzi ssostanzjajthom bil-provi, ghax sempliciment qed nikxef abbuzi riedu jpattuhieli b’dan il-mod, immagina x’jaghmlulek ferm ghar jekk tkun int li ghamilt xi haga hazina).

Issa din ma kinietx l-ewwel darba li jien nipprova nirraporta abbuzi tal-istaff u flok jiehdu passi ddur kontrija kif kien gara fl-4 t’April 2018 meta vilment spiccaw b’vendikazzjoni rdupjawli d-doza tal-pirmli bl-iskuza li kelli “inappropriate beliefs” (ara file Incident4Apr2018.pdf attached. Il-kummenti huma parti, ejja nghidu minn website u / jew ktieb li qed nikteb bl-esperjenzi u l-abbuzi li ghaddejt minnhom darba ttimbrat mentali). Fil-file innota kif mhux talli ma hadux passi kontra min kien qed jabbuza talli l-passi haduhom mill-ghada stess kontrija li kont qed nikxef l-abbuz vilment billi rdupjawli d-doza kif diga ghidt, biex jillupjawni u jkissruni bil-pirmli. Cioe issa meta qed nohrog din l-evidenza kollha regghu qed jaghmluli l-istess, ripetizzjoni tal-istess storja.

Issa fl-18:30 illum 12 ta’ Gunju 2020 gej jghiduli li se jibghatuni MW1 u se jkolli nieqaf nikteb. Nghid biss tal-ahhar li l-Mental Health Act ittini d-dritt li nikteb u nressaq ilmenti, waqt li l-ligi tal-Whistleblower ittini l-protezzjoni: A whistleblower should file a report ‘in good faith’, and he/she would be protected from any disciplinary actions against him/her. The Whistleblowing can be exercised on facts which happened both before and after the law entered into force. This legislation will give full protection to all those who are honest, and guarantees safety and reassurance against any retribution. At the same time it also serves as an incentive to all those who did any wrongdoing to reveal their actions.

Jien se nzommkom responsabli b’din l-email bhala digital proof ta’ dawn l-abbuzi jekk ma tiehdux passi. Ghandi aktar abbuzi x'nikxef.

Tislijiet,
Nicholas Grech
