Attn: Dr. Monica Borg Galea

Please consider this letter dated 3rd September 2014 as my complaint against my employer Enemalta Corporation (now renamed 'Engineering Resources Limited' if I am correct) instead of my previous letter dated 16th August 2014 as agreed in today's meeting. I kept the part pertaining to the severe disciplinary actions taken against me which I consider being abusive and removed the part in which I was also alleging they were also discriminatory. Please refer also to the attached documents I sent with my first letter (excluding the one referred as Email2).

Yours truly,

Nicholas Grech
